EXPERIENCE

Full Stack Developer
PİCKSOFT BİLİŞİM TEKNOLOJİLER LTD (October 2019-)
I am still working here as a full stack developer. I have been in some different projects. One of is a kiosk device web application which is backend app wrote with .Net Core and frontend is React.js. One of other is a mobile application of BrewMood Coffee coffee chains that I am still writing with React Native. I have also given some React.js support other projects and developed some other React Native apps.

Junior Mobile Application Developer
CODART BİLİŞİM ve DANIŞMANLIK (April-October 2019)
I had been here as a Mobile Application Developer. After 3 months part time remote working and one month internship I became full time employee. While I was working here I developed 2 full projects (Fotokafa and BuKareler mobile apps) with React Native and I have also been in 1 other project.

Intern
METADATA Bilişim (July - August 2017)
I developed a chat client application with C# Forms which communicates with XMPP protocol.
